

Article submission guidelines

Instructions for authors

Initial considerations

- Before starting the submission process, it is recommended to review all the sections of the [About the journal](#) section:
 - Open Access Policy
 - Peer Review Process
 - Code of ethics and good practice
 - Anti-plagiarism
- Texts must be **originals and unpublished** and not assessed in other publications. By submitting a text to *Quaderns del CAC*, every author states that these requirements are met, being the author responsible of any reclaim due to the non-fulfilment of this warranty.
- Articles must be submitted in digital format, preferably in Word or compatible format. Each page should be about **30 lines** long, in **font size 12**.
- **Languages:** the journal accepts articles and book reviews **in Catalan, Spanish and English**. We undertake the correction and translation of the texts in the three languages. There are no article submission or processing charges to submit or publish in this journal.

The journal accepts both empirical and theoretical articles for the monographic section and for the miscellaneous section. Texts can make contributions in the field of audiovisual communication and culture research, from different disciplinary perspectives, with a particular focus on European and international research

Submission

Articles must be submitted through [RACO](#)'s OJS platform. Please contact the journal if you have any problems during the process of registering or creating your user profile, accessing the platform or submitting your article: quadernsdelcac@gencat.cat

The Editorial Board of the journal will first assess the quality and suitability of the papers received. Afterwards, those articles accepted must overcome a double blind peer-review process prior its publication.

The maximum length **should not exceed 7,500 words**, notes and references included.

When submitting, the **title must be a maximum of 20 words**. Additional information can be added later through the subtitle.

The article has to include an **abstract of 150 words** and **at least five keywords (maximum ten)**.

Languages

The journal accepts papers **in Catalan, Spanish and English**.

Authorship

The article must be submitted **anonymised**, without any reference to the names of the authors or any details that could identify them in the text or notes, as well as in the properties and metadata of the file.

Please **attach in a separate file** the title of the article, and the following details of the authors of the article, which will be included as part of the content of the article in case of publication:

- Full academic name
- Institution and affiliation
- E-mail address (preferably institutional)

References

The bibliographic citation must follow the criteria establish by [APA 7.0](#). If the document has a [DOI](#) name, write it down at the end of the reference. All URL must be shortened with <http://bitly.com> or similar.

The list of references has to be placed at the end of every article, in alphabetical order. References in the text must appear into brackets with the name of the author, the year of edition and the pages: (Name, year).

Endnotes

Endnotes are acceptable but should be used sparingly and as little as possible.

Tables, figures and images

They must be inserted **not as an image but in an editable format** (e.g. in Excel). They also should be placed in the appropriate place in the text, not at the end of the article.

Colour figures, tables and graphs are admitted and they all should have the **source well identified**. Authors must hold their rights of reproduction.
